PIUSI - Suzzara Blue Pro Kit

The Piusi SUZZARA BLUE PRO dispensing package is a very reliable “closed system” tote pumping solution. Easily moved from one IBC tank to another, this kit includes a digital meter, stainless steel base with nozzle holder, self priming 110V heavy duty pump, 20’ delivery hose and automatic shut-off stainless steel nozzle. Flow rated at 7-8 gpm, weighing 18 lbs., this tote dispensing system holds up the most demanding applications.
